- 3. Mayor Announcements**

As many of you know, last year the Village electric and water department had to remove trees on South Street that were jeopardizing Village infrastructure. This area had been neglected for many years. Anthony and I talked about developing a tree program for the Village and Anthony offered to use South Street as our Pilot project. I am happy to announce to the residents of South Street that new trees will be planted there later this month!

We had a ribbon cutting for the new fitness court located at 1001 Watson Blvd. The area is inviting and should bring people outside to the court to exercise. We appreciate this wonderful gift from the Town of Union, especially for the many hours of work by Heather Staley and Sandy Bowman.

Participated in a meeting with Jason Garner on Municipality updates. Our sales tax revenue is up. Shared services are a great way to save all of us money. There is a grant to help with the set-up cost for efficiency planning. I may look for a volunteer to help sort out the grants to have us investigate, and a volunteer to help set up broadband information. We are also investigating an emergency call system for the Village like the Town has.

I attended the first home UE football game of the season and was presented with a game football signed by all of the Union Endicott tiger football players! We won – 53 to 28!

I attended an Endwell Rotary meeting with DA Mike Korchak and learned a lot about the new discovery laws and bail reform. We continued this discussion at a meeting of the Association of Towns and Villages. Our residents have voiced their concerns about safety to us. Now is the time to work together as a board to address their concerns and develop solutions.

Mr. Korchak and his senior assistant, Lucas Finley, will be making up a template for our letter writing campaign. The school has also shown interest in this letter writing. It would be a good

PIG class project. I will let everyone know when the press conference will be to launch this campaign. This is not political as many from both political parties agree. We must take action. We can no longer just sit back and complain!

Bimonthly Village board meetings are important to report to our residents what we have done to benefit the Village during the weeks prior and outline what is being planned for the Village. Engaging with residents during events is a great way to build our community. This is why attending NYCOM, Broome County Association of Towns and Villages, Chamber of Commerce, Agency, and Endicott Proud meetings are so important. These organizations lobby on our behalf in Albany, and the Federal Government, identify needed grants and assets, and provide volunteers.

I recognize the time commitment involved in attending meetings in addition to our bimonthly board meetings. I would not have accepted this position if I did not have the time required to invest in it. Sitting back for years and waiting for something to happen has not produced the desired effects. The support I have given, and the contacts I have made, has accomplished a great deal for the Village.

Had a light commission meeting today. Mr. Daniels is resigning. We need two more commissioners. They must live or own a business in the Municipal light district.

Burlingame- Scarousel Event will begin the weekend of 10/22. Little Italy and the VOE Fire dept will begin collecting winter items. Any items can be dropped off at the Endicott Fire dept. He met with Terri Farrell and discussed tree placement. Trees are being donated by Little Italy with the proceeds from Endicott Restaurant Week. He attended a Northside Neighborhood Watch Meeting. He attended the Ribbon cutting ceremony for the Fitness Park and the Endicott Auxiliary meeting. Endicott Recycling event was a huge success. The UE Homecoming Parade is 10/15/22 at 10:00am

Wright- commented on resident complaints re: to garbage pickup and code enforcement violations. Suggested the removal of garbage cans. Commented on parking issues as well as the garbage on Washington Ave. Trustee Warner asked Trustee Burlingame if the Committee he started a year or so ago was still an issue with Code. Trustee Burlingame stated yes, and the rule should be "if they place their trash on the yard, pick it up." Too much paperwork, it should just be picked up. Trustee Warner suggested a new resolution for garbage pickup. Trustee Burlingame made a point that Code is wasting a lot of time related to garbage issues as opposed to actual Code issues that matter. Attorney McKertich responded that yes, we can revise the law re: VOE garbage. Much discussion was had re: the Parking Committee. Mayor Jackson stated she has a code committee and can take care of the garbage problem.

Dorner-commending comment to the Fire & EPD dept re: an incident at Church. Stated we are extremely fortunate to have the departments we do have.

Warner-comments re: the purchase of colored garbage bags as used in Binghamton. Spoke of lists that he has submitted to Code re: areas that needed to be cleaned up. Asked about Delta's presentation, they were unable to attend this evening but are scheduled for 10/17/22. Questioned the status on the bus stop issue. Attorney McKertich stated someone was to reach out to both agencies to identify where they wanted the stop. Trustee Warner to contact
He asked about the GFJ statue and the Village donating money for repair, Attorney McKertich recommends a collaboration with the school where we would send the school the funds and the

school would use these funds for the repair. Asked how the 3 permanent garbage employees are working out. Mayor Jackson stated all is going well.

MAYOR'S ANNOUNCEMENTS, OCTOBER 3, 2022:

As many of you know, last year the Village electric and water department had to remove trees on South Street that were jeopardizing Village infrastructure. This area had been neglected for many years. It was costing Village residents a lot of money for repairs, etc.

At that time, I talked with Village manager Anthony Bates about replacing the trees on South Street with a variety of tree that would be better for our infrastructure. We talked about developing a tree program for the Village and Anthony offered to use South Street as our Pilot project. I am happy to announce to the residents of South Street that new trees will be planted there later this month! Anthony has worked hard to accommodate this request and used a line item in our Village budget to cover the cost.

We had a ribbon cutting for the new fitness court located at 1001 Watson Blvd. The area is inviting and should bring people outside to the court to exercise. We appreciate this wonderful gift from the Town of Union, especially for the many hours of work by Heather Staley and Sandy Bowman. Also thank you for our Village engineer and street supervisor for making this project come to fruition.

Participated in a meeting with Jason Garner on Municipality updates. Our sales tax revenue is up. Broome County is experiencing the same problem we all are in attracting employees. Even offering higher pay is not getting the desired applicants. Anyone who has any ideas are encouraged to pass them on. The county is working on a county wide broadband plan to help connect our residents. Volunteer fire and ambulance are really having a difficult time. County is working with Donna Lupardo and Joe Angelino for assistance. Otseningo park will soon have a dog park. Shared services are a great way to save all of us money. There is a grant to help with the set-up cost for efficiency planning. We must

concentrate on getting as many grants as we can to help with finances while we work on increasing our yearly revenue. After all, this grant money will go somewhere, it might as well come to our area. I may look for a volunteer to help sort out the grants to have us investigate, and a volunteer to help set up broadband information. We are also investigating an emergency call system for the Village like the Town has.

I attended the first home UE football game of the season and was presented with a game football signed by all of the Union Endicott tiger football players! We were able to enjoy the new stadium seating. And we won – 53 to 28!

I attended an Endwell Rotary meeting with DA Mike Korchak and learned a lot about the new discovery laws and bail reform. Judges need more discretion when dealing with dangerous criminals. Also, now people arrested on drug charges are given an appearance ticket and are released to use drugs again. This has resulted in a large increase in drug overdose deaths since they are no longer forced to decide between going to jail or seeking treatment.

We continued this discussion at a meeting of the Association of Towns and Villages.

Our residents have voiced their concerns about safety to us. Now is the time to work together as a board to address their concerns and develop solutions.

Mr. Korchak and his senior assistant, Lucas Finley, will be making up a template for our letter writing campaign. The school has also shown interest in this letter writing. It would be a good PIG class project. I will let everyone know when the press conference will be to launch this campaign. I am just waiting for the schedule of some high-ranking people who are endorsing this project. Again, this is not political as many from both political parties agree. We must take action. We can no longer just sit back and complain!

Bimonthly Village board meetings are important to report to our residents what we have done to benefit the Village during the weeks prior and outline what is being planned for the Village. Engaging with residents during events is a great way to build our community.

As board members we need to get much more involved with the important issues affecting our residents' quality of life as well as their safety and security. This is why attending NYCOM, Broome County Association of Towns and Villages, Chamber of Commerce, Agency, and Endicott Proud meetings are so important. These organizations lobby on our behalf in Albany, and the Federal Government, identify needed grants and assets, and provide volunteers.

I recognize the time commitment involved in attending meetings in addition to our bimonthly board meetings. I would not have accepted this position if I did not have the time required to invest in it. Sitting back for years and waiting for something to happen has not produced the desired effects. The support I have given, and the contacts I have made, has accomplished a great deal for the Village.

Mr. Korchak stated that new lights and cameras on the Avenue, in the parking lots, and alleys will deter crime. I asked our police chief, as head of security, to research cameras that could be installed on the Avenue. We continued to look at different options. We are also researching the possibility of placing license plate readers at the entrance to the Village that will be linked to Broome County. A presentation to the board and public will be made when this project is further along.

I enjoy working on a large variety of projects. I do not take up the Board's time explaining some of these projects; however, I am always willing to talk about the work that I am doing. Everyone is welcome to come to my office to ask me questions.

Had a light commission meeting today. Mr. Daniels is resigning. We need two more commissioners. They must live or own a business in the Municipal light district. Our new wire is 95 % run. We have a lot of used wire. The town of Greene wants to buy it. The light department will be making a presentation on this at the next meeting. One commissioner is very involved with the mitigation and dredging of the Susquehanna River. The DEC is now getting involved. We hope to have a presentation on this in the near future.

**VILLAGE OF ENDICOTT
RESTORE NY ROUND 6
R#34-2022**

RESOLVED: The Village Board of Trustees of the Village of Endicott finds that the proposed projects at 219 Vestal Avenue and 1803 North Street are consistent with the existing local or regional plans; the proposed financing is appropriate for the specific facilities or projects; the projects facilitate effective and efficient use of existing and future public resources so as to promote both economic development and preservation of community resources; and the projects develop and enhance infrastructure and/or other facilities in a manner that will attract, create, and sustain employment opportunities.

RESOLVED: That the Mayor of the Village of Endicott is hereby authorized and directed to file the applications for funds from the New York State Empire State Development Corp. under the Restore NY Round 6 Program, in an amount not to exceed \$12,000,000; to authorize the Mayor of the Village of Endicott to sign said application on behalf of the Village; and upon approval of said request to enter into and execute a project agreement with the State for such financial assistance to the Village of Endicott.

FURTHER RESOLVED; that this Resolution shall take effect immediately

RE: Drinking Water Treatment Facilities, Groundwater Well Sources, New Groundwater Source Development and Distribution System

NOTICE OF PROJECT AND NOTICE OF INTENT TO ACT AS LEAD AGENCY

With this letter, you are hereby notified of the Village of Endicott (the "Municipality") intent to act as Lead Agency under the New York State Environmental Quality Review Act (SEQRA) for the proposed Drinking Water Treatment Facilities, Groundwater Well Sources, New Groundwater Source Development and Distribution System (the "Project"). The Village classifies the Project as a **Type I** Action under SEQRA Section 617.4(b)(9), and therefore a Full Environmental Assessment Form must be prepared.

Enclosed is Part 1 of the long environmental assessment form which includes a description of the Project scope, project area map, and appropriate reference material.

Please return a copy of this letter-form indicating your consent to the Village as lead agency (by checking the line below and signing a copy of this form). By SEQRA regulation, if a reply from an involved agency is not received within thirty (30) days of this notification, the Village and its Board will deem that your agency has no objection to the Village acting as lead agency.

Please be advised that we have directed this notice to both involved and interested agencies, but in accordance with SEQRA regulations, only involved agencies may act as lead agency; as such, the notice concerning the Village of Endicott's intent to act as lead agency is only directed to SEQRA involved agencies.

Please contact Christopher L. Wood, Project Manager at Hunt Engineers, Architects, Land Surveyors & Landscape Architect, DPC at (607) 358-1000 or by email: woodc@hunt-eas.com if you have any questions regarding the Project.

**STATE ENVIRONMENTAL QUALITY REVIEW ACT
RESOLUTION REGARDING
VILLAGE OF ENDICOTT
HIGHWAY GARAGE STORAGE AND TRUCK WASH
R#36-2022**

WHEREAS, the Village of Endicott (hereinafter the “Village”) maintain their Highway Garage site and its facilities; and

WHEREAS, the Village is proposing to demolish two existing buildings and construct two new facilities for storage and truck washing (collectively, the “Project”); and

WHEREAS, the Village is obligated under SEQRA and corresponding regulations to review the Project, and if necessary, undertake a review of the potential environmental impacts associated with the Project before undertaking the same; and

WHEREAS, the Village is the appropriate agency to be the lead agency to undertake the project review under SEQRA; and

WHEREAS, based upon an examination of 6 NYCRR § 617.4 and § 617.5, the Village classified the Project as an Unlisted Action. A Short Environmental Assessment Form was prepared for the Project.

NOW, THEREFORE, BE IT:

RESOLVED, that the Village Board hereby makes the following findings:

The Project consists of demolition of two existing buildings at the Highway Garage site along with associated existing pavement and the installation of two new buildings, for storage and truck washing, and associated restoration.

IT IS FURTHER RESOLVED, that:

The Village Board hereby designates itself lead agency pursuant to 6 NYCRR § 617.6(b)(2) and § 617.6(b)(3) with respect to the Project.

IT IS FURTHER RESOLVED, that:

Based upon an examination of the components of the Project, the Short Environmental Assessment Form, and the criteria contained in 6 NYCRR § 617.7(c), and based upon its knowledge of the areas including and surrounding the Project site, and discussions with professionals retained by the Village, the Village Board, as lead agency, hereby makes the following determinations with respect to the Project pursuant to SEQRA:

- A. The Project constitutes an Unlisted.
- B. Based upon review by the Village Board of the Short Environmental Assessment Form and other necessary criteria set forth in SEQRA, the Village Board hereby finds and determines that the Project will result in no significant impacts and, therefore, (a) the action is not one which “may include the potential for at least one significant adverse environmental impact,” (b) “there will be no significant adverse environmental impacts,” and (c) no “environmental impact statement” need be

prepared, as such quoted terms are defined in SEQRA. This determination constitutes a negative declaration for purposes of SEQRA and it has been prepared in accordance with Article 8 of the Environmental Conservation Law.

- C. A copy of this resolution, together with notice of negative declaration, shall be placed on file in the office of the Village Clerk where the same shall be available for public inspection during business hours and such notice of negative declaration shall be filed in such offices, posted in such places and published in such manner as shall be necessary to conform to the requirements of SEQRA.

This resolution shall take effect immediately.
